

DA
series

Power relay series pursuing reliability and safety

DA2U

■ Currently it is used for such purposes

- Air conditioners, Solar water heater, Factory automation equipment, Automation equipment
- Control panel, Power supply equipment, Molding equipment, Machine tools, Welding machines, Machinery for agriculture
- Power supply for commercial equipment, Power supply for electric tools, Measuring instruments, Medical devices, Disaster prevention equipment
- Packing machines, Food processing machines

DEC is a professional manufacturer of relays
