

CH
series

Power relay series pursuing reliability and safety

CH1U 16A
(High-capacity, 1 pole, 16A type)

CH2U
(2 poles, standard type)

■ Currently it is used for such purposes

- Audio, Various household appliances
- Control panel, Power supply equipment, Molding equipment, Machine tools, Welding machines, Machinery for agriculture
- Commercial equipment, Vending machines, Telecommunications equipment, Disaster prevention equipment, Copiers, Measuring instruments, Medical devices
- Earth Leakage Circuit Breaker (ELCB)

DEC is a professional manufacturer of relays
