

DK
series

Power relay series pursuing reliability and safety

DK1
(for high voltage,
tab terminal type)

DK1 (PCB terminal type)

DKH1

■ It is currently suitable for use in such applications.

- Control panel, Power supply equipment
- Commercial equipment, Measuring instruments, Medical devices
- Various household appliances that handle high voltage
- Ideal for switching high voltage of microwave ovens

DEC is a professional manufacturer of relays

DEC Daiichi Electric Co., Ltd.
